

Meet our Governors

While the Head Teacher and the Leadership Team are responsible for the school's day-to-day management, our Governors work closely with them on a variety of strategic matters relating to policy, direction, and performance.

Our Governing Board comprises of representatives from the local community, the Diocese and Local Authority plus elected members of School Staff and parent representatives. The Headteacher also sits on the Governing Board.

The Governing Board is responsible for ensuring our School to be the best it can be for our pupils and their families. The role of our Governing Board is to:

- Ensure everything our School does is aligned with its vision, ethos and strategy
- Hold the Headteacher and School Leaders to account for the management and performance of the School
- Approve the School's budget and monitor the School's finances

Our Governing Board has adopted the Circle Model of Governance. Our Full Governing Board meets 6 times per year. In addition 3 Governor Committees have responsibility for Finance and Resources, Curriculum and Christian Character. Governors make regular visits to the School to monitor and evaluate performance. They also play an active part in School life attending School worship and events.
