

Burrow and Den Newsletter

Autumn Term 2

VALUE OF THE TERM : COMPASSION

CURRICULUM DRIVERS: EQUALITY AND EQUITY

- Please ensure your child is reading daily.
- Water bottles should be in school each day and must be labelled.
- Full school uniform to be worn daily, all named and labelled. See the school website for the uniform list.
- PE will be on a Tuesday - please wear PE kit to school on this day.

How you can help at home:

- Ready daily and sign your child's contact book
- Practise spellings on Spelling Shed
- Practise Times Tables on TTRS

Term 1 has been a fantastic success in the Burrow and the Den! We have established positive learning routines and enjoyed a wide range of exciting learning experiences. The children have produced brilliant pieces of writing about Mars rovers, explored Earth and Space, discovered what life was like during the Stone Age and continued to develop their cookery skills.

In Term 2, we will continue to build on this positive start by developing our behaviours for learning and encouraging everyone to try their very best to follow the HTSJ Way. We are looking forward to another exciting term of learning and making progress together!

ENGLISH

This term in English, we will be using *Stranded: A Mostly True Story from Iceland* as inspiration for our writing. The children will explore a range of writing styles, including setting descriptions, diary entries and information texts, linked to our exciting topic of volcanoes. Through the story, we will develop our vocabulary, creativity and writing skills while learning more about these fascinating natural features.

MATHS

This term, we will continue to develop our skills as mathematicians by building on our learning in addition and multiplication. We will then move on to multiplication and division before finishing the term by exploring length, perimeter and area.

Alongside our main maths lessons, we will continue to strengthen the children's foundational skills and build their confidence with number facts. The children will have opportunities to use NumBots and Times Tables Rock Stars (TTRS) during their maths lessons to develop their fluency and recall.

THROUGHOUT THE WEEK, WE WILL BE ENGAGING WITH A RANGE OF DIFFERENT LEARNING EXPERIENCES INCLUDING; COOKERY, STEM AND WOODLAND SCHOOL. OUR MAIN PROJECT THIS TERM WILL BE 'VOLCANOES'.
